28th ANNUAL

WATER CONSERVATION DINNER & AUCTION

Wednesday, December 3rd, 2014
Cocktails: 5:00pm
Dinner 7:00pm

Arcadian Court
401 Bay St
Toronto

Attire: Business Dress

For over forty years, Trout Unlimited Canada has been an advocate for Canada's freshwater resources. Working with government agencies and fellow Canadians, Trout Unlimited Canada seeks positive resolutions to Canada's coldwater challenges and issues.

In southern Ontario alone, TUC has invested over \$3M in stream restoration and conservation work on numerous rivers and streams including Bronte Creek, Duffins Creek, the Credit and Grand Rivers. With your support we will invest more to improve water quality for all Canadians.

Trout Unlimited Canada is committed to its mission of conserving, protecting and restoring Canada's freshwater ecosystems and their coldwater resources for current and future generations. We believe cold, clean water is essential for both people and fish. It is the life blood of our planet. Support from people like you makes all the difference in creating a future that ensures healthy, clean water.

As a dinner sponsor, your organization is helping to protect and restore Canada's valuable water resources.

There are many ways you can support this important cause. Sponsor the event or purchase tickets and come celebrate with a fun filled night. Make a financial donation or donate an auction item. However you support the organization, know that you are making a difference for Canadians.

Now's Your Chance!

Help Protect Canada's Water

Support an Organization Making a Real Difference
